INDEPENDENT AUDITORS' REPORT

Board of Directors
Bueter and Company, Inc.
Columbus, Ohio

We have audited the accompanying statements of financial condition of Bueter and Company, Inc. (Company) as of July 31, 2006 and 2005 and the related statements of operations, changes in stockholders' equity and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of July 31, 2006 and 2005 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BUETER AND COMPANY, INC.

NOTES TO FINANCIAL STATEMENTS

JULY 31, 2006 AND 2005

NOTE 1 - ORGANIZATION AND PURPOSE

Bueter and Company, Inc. (Company), an Ohio corporation formed in 1979, is an investment advisory firm registered with the Securities and Exchange Commission under the Investment Advisors Act of 1940. The Company provides its services to individuals, corporations and other investment advisors. The Company's primary investment activity is retirement planning.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by management in the preparation of the accompanying financial statements follows:

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may differ from actual results.

Cash and Cash Equivalents - For purposes of the financial statements, the Company considers all investments with original maturities of three months or less to be cash equivalents.

Property and Equipment - Property and equipment consist of office equipment and furniture and fixtures, which are stated at cost and depreciated over the estimated useful lives of the assets ranging from five to seven years. These assets are shown net of accumulated depreciation of approximately \$63,000 and \$62,000 at July 31, 2006 and 2005, respectively.

Income Taxes - The Company accounts for income taxes under the liability method prescribed by the provisions of Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes (SFAS 109)." Deferred tax assets and liabilities are determined based on the differences between the financial reporting and tax basis of assets and liabilities using the enacted tax rates and laws that will be in effect when the differences are expected to reverse.

The Company reports its operations for income tax purposes on the cash basis of accounting and, therefore, receivables and certain payables are not reflected in taxable income.

Book Value and Earnings Per Share - Book value per share is based upon the number of shares outstanding at July 31, 2006 and 2005, respectively. Earnings per share are based upon the weighted average number of shares outstanding during the years ending July 31, 2006 and 2005, respectively.

NOTE 3 - INCOME TAXES

The provision for income taxes at July 31, 2006 and 2005 consisted of income taxes of \$0 and \$1,520, respectively.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL REQUIRED BY
SEC RULE 17a-5 FOR A BROKER-DEALER CLAIMING EXEMPTION FROM SEC RULE 15c3-3

Board of Directors
Bueter and Company, Inc.
Columbus, Ohio

In planning and performing our audit of the financial statements and supplemental schedule of Bueter and Company, Inc. (Company) for the year ended July 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11).
2. Determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at July 31, 2006 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the NASD, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
